FIRE AT RAMSEY

Destroys Over $100,000 Worth of Property.

ONLY TWO BUILDINGS LEFT STANDING

The Second Fire Within a Year—The Opera House, Ramsey News and a Number of Stores Gone.

From the Daily of Wednesday.

The fire demon visited Ramsey, Ill., again this morning, this time almost wiping out the business portion of that city. It was only last August that fire broke out in Ramsey, destroying over fourteen buildings at a loss of $100,000. The fire this morning was discovered about 1:30 o'clock and before it could be extinguished had consumed the postoffice, Lindhorst's general store, stock $12,000; Lindhorst & Graham's drug store, $2500; L. C. Field's general store, $20,000; a general hardware store, $3500; Dr. Staff's and Dr Van Brooklin's offices, The Ramsey News and the opera house. This leaves only two store buildings standing in the town, the grocery stock of F. M. James, father-in-law of M. W. Stoddard, of this city, and the general store of W. R. Wright. The loss to buildings and stock is estimated at over $100,000.

GUATEMALA VISITOR.

Samuel Wofford, of Central America, Gives a Few Interesting Points.

Mr. Samuel Wofford of Guatemala, Central America, is visiting his sister, Mrs. Jennie Montgomery of 1135 North Union street. He left Illinois about fifteen years ago, and has lived in Central America for the last ten years. The greater part of the time he has been engaged in the mining industry, but recently sold his interest in the mining business. In an interview with a Republican reporter he stated that last fall, prior to our presidential election thousands of sols (the Guatemalan dollars) had been bought, and ready to ship to the United States. With exchange it takes $2.35 of their money to buy one United States silver dollar. Had Mr. Bryan succeeded this silver would have been shipped into the United States for which they would have received United States silver dollars, thereby doubling their money and consequently enriching that country at the expense of the United States. They looked upon it as a business matter, and were ready to take advantage of it. The common native laborer receives from 75c to $1.50 per day (Guatemalan money.) The more skillful natives get $1.75 to $2.50 per day. Chewing tobacco (such as the "Star brand) is worth $1 per pound, chickens, $1 to $1.50 each, a hat from $1 to $6 which can be bought here for 50 cents, and all other clothing furniture and necessaries in proportion. There is one redeeming feature there, the climate is warm and pleasant, and a person does not want as much clothing as is necessary to make one comfortable here. The president of Guatemala, Barrios, was educated at West Point and married an American woman. He has been developing the country by building railroads, and is well liked by his people. There are a great many people from the United States living in Guatemala. The Central American people have a higher regard for the United States government than any other and on the fourth of July the United States people celebrate and have a great day.

MR. CASNER IN COURT.

Hearing on the Petition for a Change in Assignee in the Farmers' Bank Case.

The Farmers' bank case is now up in the county court before Judge Hammer. The hearing on the petition of the creditors for the appointment of a new assignee to succeed John A. Dawson is now in progress. I. A. Buckingham and Oulton & Roby appear for the creditors and the Mills Bros. for the assignee. The answer of the assignee has been filed. It covers the whole history of his connection with the estate of L. B. Casner who was the president and chief owner of the Farmers' bank. The assignee by his showing makes it manifest that he realized funds in various quarters where it appeared that had he not taken the course he did the money would have been lost to the creditors.

Mr. Casner was on the witness stand today and told all he knew about the management of the bank.

Alleged in It.

In the answer of Assignee Dawson the statement is made that at the time of making the assignment B. K. Durfee, insurance commissioner of Illinois, had on deposit in the bank $20,097, and held as collateral security therefore two notes, each for $5000, executed by John W. Lanehart, and endorsed by John P. Altgeld, then governor of Illinois, and payable to the order of the bank; that B. K. Durfee had a personal overdraft of $3410, and his wife had an overdraft of $1587, that the Decatur Gas, Light and Coke company of which B. K. Durfee was manager, had an overdraft of $2091, which were regarded as a part of the assets of the bank, but were regarded as hard to collect, as B. K Durfee and wife had no real property. B. K. Durfee, as commissioner, offered to include said overdrafts, amounting to $4267, with the $10,000 Lanehart notes as a credit on the $20,097, and the assignee, believing that there would be delay in collecting the overdrafts and that such adjustment would be for the benefit of the estate, made the settlement and gave to B. K. Durfee a certificate of deposit for $3307, the difference between his deposit and the amount of overdraft and notes.

A MORNING WEDDING.

Marriage of Charles McChan and Miss Rose Abel Occurred at St. James' Catholic Church.

From the Daily of Tuesday.

Charles McChan of Chicago, and Miss Rose Abel were married this morning at 8 o'clock at St. James' Catholic church. The ceremony was performed by Rev. Father Teppe. The attendants were Miss Emma Abel, the bride's sister, and Edward Hagerty. The wedding was witnessed by a large number of friends and the church was decorated with flowers for the occasion. After the ceremony at the church a wedding breakfast was given at the home of the bride's parents, Mr. and Mrs. John Abel, No. 920 West Decatur street. The bride was attired in a traveling gown of dark navy blue cloth and, carried bride's roses.

The bridesmaid, Miss Abel, wore a suit of green novelty and carried roses.

The couple received many handsome presents, among which were a check for $1000 from the groom's brother and another for $100. DEATH OF MRS. JANE E. MARTIN.

Passed Away at the Ripe Old Age of 83 Years—Funeral.

From the Daily of Wednesday.

Mrs. Jane E. Martin, aged 83 years, passed away in death this (Wednesday) morning at 5 o'clock, at the home of her son, Charles G. Martin, 906 East Lincoln avenue, in Riverside place. The old lady had been in poorer health than usual for five weeks. Her death was not unexpected. Her son and his family gave Mrs. Martin tender care and nursing and did all they could to make her last days on earth comfortable and peaceful. Mrs. Martin was born in Orange county, New York, June 28, 1814. She removed to Dearborn county, Indiana, at the age of 8 years and then to Cincinnati in 1832. She married James H. Martin who died in Decatur seven years ago. His remains were taken to Cincinnati for burial in Spring Grove cemetery. Mrs. Martin came to Decatur in 1885 and for twelve years has had a comfortable home with her son. She was the mother of three sons, only one of whom is living.

The funeral will be held at the home of Mr. Martin in Riverside place Thursday afternoon at 4 o'clock. The body will be taken by Mr. Martin to Cincinnati for burial.

Death of John Hunt.

John Hunt died at 7 o'clock this morning at his home in Walnut Grove addition, aged 40 years. He had been ill but a few days.

RIGHT FOOT CUT OFF.

Jack Edwards, Son of Joe Edwards, a Cripple for Life.

From the Daily of Wednesday.

This afternoon John Edwards, aged 18, son of Joseph Edwards, met with a distressing accident at the Pratt Cereal company elevator, in the eastern end of the city. Corn is handled at the elevator with a large wooden scoop operated by a rope with steam power. Young Edwards had his right foot accidentally caught in the loop of the rope and it carried him to the iron pulley where the tension was so strong that the foot was cut off clean at the ankle joint. Edwards was removed to the hospital.

The Dog was Right.

From the Daily of Tuesday.

Bendure and Florey's blood hound Rattler has proved to be correct in the chases he has made lately. Yesterday evening Roy Bendure received a letter from Deputy Sheriff Thomas Robbins at Elliott, Ill., stating that Bert Songer and Max Golbrath had both pleaded guilty to robbery, charged against them. Their arrest was the result of the work of the dog On March 11 Rattler was taken to Elliott to trace robbers who had broken into a store. The dog located both men and also found the stolen goods. It was thought that there was no doubt that the two young men were the guilty parties but they have now pleaded guilty and proved that the dog was correct. They are both under age and have been sentenced to go to the reform school. Harry Keeler, the man who was traced by the dogs at Findley, Ill., has also pleaded guilty and has been sentenced to a term in the penitentiary.

The owners of the dogs expect to secure pictures of all the criminals the dogs succeed in tracing and will have a rogue's gallery.

The Shakers have made a discovery which is destined to accomplish much good. Realizing that three-fourths of all our sufferings arise from stomach troubles, that the country is literally filled with people who cannot eat and digest food, without subsequently suffering pain and distress, and that many are suffering pain and distress, and that many are starving, wasting to mere skeletons, because their food does them no good, they have devoted much study and thought to the subject, and the result is this discovery of their Digestive Cordial.

A little book can be obtained from your druggist that will point out the way of relief at once. An investigation will cost nothing and will result in much good.

HOME WEDDING.

Marriage of Mr. Suffern and Miss Battles Monday Evening.

From the Daily of Tuesday.

There were about seventy-five relatives and friends at the home of the bride's parents, Mr. and Mrs. C. W. Battles, 759 North Union street, last evening at 8 o'clock, to witness the happy marriage of Miss Ella L Battles and Mr. Frank Suffern, bookkeeper in the grain office of Suffern, Hunt & Co. The officiating minister was Rev. W. C. Miller, pastor of the First Congregational church, and the ushers were Chauncey Berry and Harry Schultz. The parlors were beautifully decorated for the interesting event, one of the designs being a graceful arch of apple blossoms beneath which the handsome couple stood while they took the vows of husband and wife. Mendelssohn's stately wedding march was played by Miss Emily Ramsher as the couple entered the parlor and during the ceremony, "O Promise Me" was softly played. The bride was attired in a beautiful gown of brown novelty goods with trimmings of passementerie. She carried bride's roses. A sumptuous wedding repast was served under the direction of Mrs. Garrett. The six young ladies who acted as waitresses of the occasion wore white dresses with caps and aprons to match. The young ladies were Misses Cora Newman, Amanda Tolladay, Grace Weaver, Denice Sawyer, Katherine Schulze and Mrs. Samuel Selzmiuok. They were bouquets of pink carnations. The souvenirs were pieces of bride's cake, and were given out by the bride's nieces, Alice and Maud Battles. The couple were recipients of many beautiful wedding presents mostly of silverware and china. The out of town guests at the wedding were Messrs. W. R. and H. M. Rigney of Pierson, Ill., and B. M. Godwin, wife and daughter, Marguerite of Lake City. The couple will reside in the 1700 block on North Union street.

Secretary Alger Abolishes the Spy System in the War Department.

M'KINLEY GOING TO TENNESSEE.

Comment on the Annexation of Hawaii —The Senate to Act—Feeling as to Civil Service Regulations.

Washington, May 5.—(From our regular correspondents.)—There are few people around Washington who do not believe that the annexation of Hawaii is one of the certainties of the near future. Whether the recently reported attitude of Japan towards Hawaii will result in hastening annexation is yet to be determined. An official speaking of the matter said: "This government is not alarmed or annoyed by the reports of Japanese restlessness and loud war talk. That nation has not recovered from its victory over China yet, and it feels as if it owns the world. A little bluster will do no harm to any one, but you may rest assured that the Japanese will do nothing more than bluster. After the tariff bill has been disposed of, the senate may have an opportunity to act upon a treaty providing for the annexation of Hawaii. Meanwhile you may be sure that the United States navy will back Hawaii in enforcing its immigration laws, against the Japanese or any other nationality."

President McKinley touched the electric button that started the machinery of the Tennessee centennial exposition at Nashville, and later he expects to visit the exposition in person and to carry with him as many members of his cabinet as can go. He has expressed much interest in the success of the exposition.

If President McKinley had never until within the last ten days thought of annulling some of the extensions of the civil service rules made by Mr. Cleveland, the facts brought out during that time would have started him to thinking about it. Testimony taken by the senate committee that is investigating this subject has already made it plain that the whole thing was manipulated to the advantage of Democrats and the disadvantage of Republicans, and entirely regardless of the best interests of the public service. At the last meeting of this committee letters were read from Postmaster General Gary and from Secretary Long, in favor of changing, and Public Printer Palmer fired this broadside: "As applied to this office (government printing office) which is simply a great manufacturing plant, involving varied branches of skilled labor of high grade, the civil service rules are, in my judgment, an obstruction rather than an aid to efficiency and economy. In my opinion the civil service rules as promulated for enforcement here should be modified radically, suspended or repealed." Hon. N. B. Scott, the West Virginia member of the Republican national committee, who has been tendered the position of commissioner of internal revenue says that he doesn't want the place and will not take it unless the extension of the civil service rules to collectors and guagers is rescinded.

Secretary Alger has abolished the spy system of keeping the time of the employes of the war department, which was adopted under the Cleveland administration and which has been a source of much irritation to the employes. General Alger takes the ground that a man who cannot be trusted to do his duty without being watched is unworthy of employment by the government or by anybody else, and the war department clerks will hereafter work on honor.

It has been rumored that the stallion Regalia, owned by Chris Brown, had died. Mr. Brown lost Rustic, and he still holds the grand old horse who has sired more nice horses than any stallion that has ever stood for mares in this vicinity. may 6-wtf

TOWN BOARD MEETING.

Assessor Foster and His Assistants—The Clerk's Salary.

At the meeting of the town board for Decatur township held Thursday afternoon, W.W. Foster, assessor, submitted to the board the following appointments as assistants: T. J. Fleming, Frank M. Watkins, Bud Florey and W. H. Foster; as clerks, Miss Lelah Foster, Miss Grace Foster. The salary allowance under the law is $2.50 per day. One year Mr. Watkins served as assessor and Mr. Florey was an assistant under Mr. Keeler. Assessor Foster will begin work on May 1, and complete the assessment as rapidly as possible.

The salary of Town Clerk Cor[illegible] was fixed at $1.50 per day for each day employed. Nearly every day in the year the clerk is called upon to act for the township in some capacity. One year the salary was fixed at $600.

WANTS A DIVORCE.

John W. Reed Desires Separation from His Wife.

In the circuit court to the June term John W. Reed has filed a bill for a divorce from his wife, Lovina Reed, to whom he was married in 1887. The ground is adultery and the correspondent named is James Singleton, of Martinsville, Ind. Mr. Reed is a resident of Decatur. He alleges that Mrs. Reed is now at Martinsville, whither he declares she was caused to go by Singleton. The attorneys for the complainant are Mills and Fitzgerald.

A Forger in Jail.

From the Daily of Friday.

The young man known in Decatur as Ely Tohill and Erastus Peterson, alias Melvin, wanted since last December for forgery in getting $61.38 at Millikin & Co.'s bank on a check, alleged to have been signed by Wilson & Chapman of Casner station, is now behind the bars in the Macon county jail. He was brought to Decatur last night by Deputy Sheriff Holmes, who at the request of Marshal Mason, had gone to Marshall, Clark county, Illinois, after the forger. Tohill will have his trial in June and will go to the penitentiary for a term of years. Shortly after the forgery was committed Marshal Mason located Tohill at Terre Haute and he was about to go after him when he learned that the Clark county sheriff had stepped in ahead of him. Tohill was wanted in Clark county for personating an express company official but at the trial he managed to escape conviction. Some years ago Tohill was convicted on a charge of burglary and sent to the penitentiary.

All Going to Galesburg.

Decatur and Macon county veterans will be largely represented at the department encampment of the Grand Army of the Republic to be held at Galesburg, May 4, 5 and 6. The train service out of Decatur will be of the best. Below are the names of the delegates from Dunham Post:

Delegates—Thomas Pentwell, J. M. Clokey, J. A. F. King, Cyrus Imboden, Hiram Johnson, K. Harwood and F. J. Blaine.

Alternates—W. F. Martin, H. A. Aldridge, T. B. Spalding, W. W. Mason, M. Shea, H. Davenport and T. W. Douglas.

Delegates and alternates from the W. R. C. were named at the same time and are as follows:

Delegates—Mrs. Mary Pentwell, Miss Chloe Murphy and Mrs. Nora Badenhausen.

Alternates—Mrs. Dora Spalding, Mrs. Ann Tincher and Mrs. Mary Borno.

Death of Mrs. Myers.

From the Daily of Thursday.

Mrs. Hannah Myers, who for years past has been a resident of Long Creek, died at that place last night at 9 o'clock. She was the widow of the late J. B. Myers and leaves seven children. They are Mrs Cora Hartley, Mrs. W. H. Winings, Mrs. Elsie Greenfield, Robert P. Myers and Miss Eva Myers of Long Creek, Eugene Myers of Decatur, and August Myers, who attends Decatur high school. The deceased was 59 years old and has lived at Long Creek almost all her life.

Frank Hall, the 18-months-old child of Mr. and Mrs. Roy Hall, died of whooping cough and uraemia a 3 o'clock this morning at the family residence at No. 703 North College street.

Funeral of Mrs. Myers.

From the Daily of Friday.

The funeral of the late Mrs. Hannah Myers was held this afternoon at 2 o'clock from the Methodist church at Long Creek. The services were conducted by Rev. A. M. Danely and were largley attended. The deceased was an old resident of Long Creek and was well known in that neighborhood. The burial took place at the Long Creek cemetery.

A large number of persons from Decatur attended the funeral, among whom were the following: L. J. Mosler and daughter, Mrs. A. T. Davis, Thomas Albers, Mrs. John Souders, Misses Grace and Dora Myers, Prestley Travis, R. S. Bobon, Miss Gertie Boden, Miss Ollie Casner, Mrs. Charles Winings and Byrd L. Davis.

A Good Sale.

Moweaqua Republican: George Waite sold his farm Monday, consisting of 120 acres of land in Penn township to Wm. Sanner, consideration $8400. Seventy dollars per acre for a farm eight or ten miles from a railroad market is a good price and it does not show that real estate is depreciating in value as is claimed by some persons. Mr. White has purchased the P. P. Laughlin farm near Prairie Home.

Country Schools will Close.

Friday was the last day of the term at the Peru school north of Boody. The scholars held their annual picnic dinner and exercises celebrating the beginning of the summer vacation took place. The Boody school also closed Friday.

TAKE NOTICE.—The figures given in the total tax column in above Special Assessment List does not include the costs and interest due thereon.

Notice is hereby given that I will apply to the County Court of Macon county, at the June term, 1897, thereof, being the time fixed by law, for judgment against the lands and lots described in the foregoing list of delinquent lands and lots for taxes, special assessments, interest, penalty and costs due severally thereon, and for an order to sell said lands and lots for the satisfaction thereof; and that on Monday, June 21, 1897, will be exposed at public sale, at the north door of the Court House, in the City of Decatur, all lands and town lots that judgment may be entered against and an order made to sell.

Sale to commence at 10 o'clock A. M., and continue from day to day till all are sold.

CHAS. H. PATTERSON, Treasurer, and Ex-Officio Collector Macon County, Ill.

The undersigned, publishers of the *Decatur Weekly Republican*, do hereby certify that the foregoing list of lands and town lots situated in County of Macon and State of Illinois, upon which taxes remain due and unpaid, was published May 6, A. D. 1897, according to law, and that the same was carefully compared with the original and found correct.

Ex-Senator Blackburn has set his expectations for the year 1901. This is one year later than Bryan has fixed his.

Mr. Cleveland's complaint as to the proposed new tariff schedule is the best endorsement the measure has so far received.

The situation in the east seems now to be one of suspense waiting for Greece to decide whether she has been whipped or not.

The Cubans seem to have been unfortunate in Banes having lost that port, the only one they have held. The Spanish attack was by water and the Cubans were not prepared to fight a fleet of war ships.

England according to the latest reports is getting the worst of the thing known as the concert of the powers. She seems to have become the monkey in the make up and this will probably ultimately result in an appeal to the people.

If Greece decides she has enough and the list of dead and wounded has been made up it will be found that it required very little to satisfy her. We have Indian tribes in this country who lost more in killed and wounded than the Greeks have before they asked for a talk.

Spain after two years of campaigning resulting in the loss of nearly 50,000 men has failed to make any impression in the direction of putting down the rebellion. Under such circumstances it seems it would be an act of mercy to Spain were some such power as the United States to intervene and end the rebellion by recognizing the independence of the Cubans.

Jones of Nevada holds the balance of power in the finance committee of the senate and professes to be a protectionist but Jones needs watching. He seems to represent the 40,000 people of Nevada the state he hails from and has little regard for the interests of the other 70,000,000 people in the United States. Jones may be all right on the tariff but after he votes for the bill the people will be more assured.

The secretary of the state board of health of Massachusetts reports that for the first time in the history of the state the mortality among women from pulmonary diseases is less than among men. This revolution he attributes to women riding bicycles which gives them better exercise than they formerly enjoyed. Men have always had more exercise than women and the wheel adds little to them by way of benefits from that kind of exercise.

The redistricting of the state congressionally under the present conditions when nearly the entire delegation from the state in congress is Republican will prove a political blunder. It is a bad precedent for Republicans to set and following so soon after the inauguration of a Republican administration will seriously embarrass a majority of the members of the house of representatives in the distribution of patronage in the counties thrown out of their districts which cannot fail to injure the party in the next election. Every Republican representative will of course control the patronage in his district embracing all the counties in the district from which he was elected, but as soon as the state is redistricted there will be a strong temptation to bring influences to bear on him from the new district in which some of his counties have been thrown as to appointments and out of this will grow endless complications and dissentions. The like has never before been done in the state. Heretofore, under the present constitution, except in the last apportionment the national administration was Republican and had been continuously Republican when the apportionments were made and the present difficulties did not present themselves as fewer changes were made when the Republican administrations succeeded each other. These reasons are of themselves sufficient to show that a congressional reapportionment is bad politics but added to this the fact should also be considered that the Republicans have fared well under the present apportionment and there is no good reason why they should be changed now.

The Judicial Convention.

The judicial convention yesterday happily had easy sailing. There were only three judges to nominate and only three candidates were presented. The nominees are all good men. Wright of Champaign, Cochran of Moultrie, and Vail of Macon. All were soldiers in the late war and we doubt if any other district in the state can present such a record. All are able jurists and men above reproach. The new district consists of six counties namely: Champaign, Douglas, DeWitt, Macon, Moultrie and Piatt counties. The Republican majority in the district is about 1900. The election will be in June when the farmers are all busy and the chances are that a light vote will be cast. Republicans should bear this in mind and use due diligence in making arrangements to go to the polls and cast their votes. It will be necessary to do this in order to assure the election of the entire ticket. It will not do to depend upon majorities unless the votes are cast and it must be seen to that the vote gets to the polls. With these gentlemen elected the district will be assured a good bench for the next six years, men who will serve the people well in passing judgment on their material affairs when in litigation.

A SPIRITUALIST SPEAKS.

Advice from a Prominent Member of this Society.

She Tells a "Moon" Reporter the Secret of Her Good Health and Happiness.

From the Moon, Battle Creek, Mich.

When a person has been cured from a malady that has troubled him for years and the best physicians in the country were powerless to grapple with it. When the patient had suffered for years all the agonies that pen can describe, and then was cured by a remedy, it is no wonder that the patient who has thus been cured would be loud in the praise of that remedy. This is the case of Henry Weston, whose story was told in the *Moon several monthsago*. It will be remembered that Mr. Weston doctored with one of the best specialists in the country and found no relief, and then after a few boxes of *Dr. Williams' Pink Pills* had been taken he was well. Mr Weston is so jubilant over his recovery that he never tires of telling his story to others It was through him that Mrs John Estell, of South Avenue, was induced to try them. She is well acquainted with Mr. Weston, and through his advice and knowing that he had been cured by this remedy, she was induced to try them.

A *Moon* reporter called on Mrs Estell and asked her if the story of her cure was true. She said that she knew of the remarkable cure of Mr Weston, and she was suffering from the after effects of the grippe and a bad case of indigestion. She doctored with a local physician and received *no special* benefit. Mr. Weston had urged her to try the pills, and after she had made up her mind that it was useless for her to doctor with the physicians any longer, she decided to try Dr. Williams' Pink Pills for Pale People. She went to Amberg & Murphy's drug store and asked them about the remedy, stating her case. The druggist told her that they knew of many cases like hers that had been cured by the pills, as they had not the least bit of doubt about her receiving great benefit if she took the medicine Mrs bought a box and in a very short time she was a new woman. the effects of the grippe were all gone and her stomach which had troubled her for so many years was better. For years she had to eat only the easiest food that could be digested, and many articles of diet that she *longed for had to be let alone*. She was troubled with that awful disease of indigestion and the long train of diseases that go with it. She suffered with all of the horrors that persons affected with that malady are subject to, but after she had taken the pills a short time she found relief and now she eats everything she desires, and has no fears at all. She eats things now, and has no after pains, or trouble with indigestion, that a few months ago she would not have thought of taking into her stomach no more than she would a dose of poison To a *Moon* reporter she said: "The Dr Williams' Pink Pills made a new woman of me." Mrs Estell is the picture of health, and says she feels better to-day than she has for years, and attributes her good health to the use of the remedy that everyone is taking. She cannot say enough in favor of it and never misses a chance to tell her friends of what it has done for her. One to look at her would not think that she had ever had a sick day in her life and *she says* she feels better than she has for many years.

Mrs Estell is well-known in this city, her husband owns the Estell cottages on South Avenue, where she and her husband reside. The lady is president of the Ladies' Aid, and she is a prominent worker in the First Society of Spiritualists in this city She is known in almost every home here and a recommendation that comes from her has weight. When she tells her friends of what this great remedy has done for her and they see the healthy look on her face, they cannot doubt it, no matter how much they might desire. It is certainly a marvel what it has done for her.

To the scribe she said that she thought it was her duty to her friends to tell them of what the Dr. Williams' Pink Pills had done for her. She had been cured and when she saw others who were trying their best to get relief from their maladies by doctoring with the physicians and after taking treatment for months and secured no relief, she believed that it was time for them to try something that would cure them. In all the cases that she had recommended this remedy for she had not heard of one that had not been greatly benefited by it. To the reporter she said, "You cannot put it too strong for me. I am overjoyed at the result of my experience with the remedy, and I have not only recommended it to friends in this city, but have written to a number in other places who have taken my advice and bought the pills, with the same remarkable results as I had. It is a remedy that should be in *every* home."

J. W. Murphy, of the drug firm of Amberg & Murphy, was seen by a *Moon* representative in regard to the case of Mrs. Estell. "Yes," said he, "her case was a remarkable one, but only one of many, yes, perhaps hundreds in this city alone. We never have any fears about recommending these pills to our customers. We do not as a rule guarantee patent remedies, but there is no risk to run in guaranteeing this remedy. No one who has ever taken it can say anything but praise for it and what everyone says must be true."

Mr. Murphy then cited the cases of a number of our prominent citizens who had been cured by the pills and whose cases had been almost beyond cure so many thought. *We have so many calls for these pills and* hear so much about their cures that it becomes an everyday occurrence with us and we do not keep track of the parties who are cured *by them*," he said to the scribe, "but if we kept a list of our patrons on the remedy we could furnish you a long list of persons to interview, who have not only been made well, but happy also by this medicine"

Dr. Williams' Pink Pills for Pale People are handy to take and carry. They can be carried in the vest pocket and taken at any time during the day.

The cases of Mrs. Estell and Mr Weston mentioned in this article were treated by doctors for months Mr. Weston paying out hundreds of dollars to doctors and then given up. He was cured with a few boxes of Pink Pills. Mrs. Estell only bought two boxes, just a dollar did she spend. *This was vastly* different from paying out a dollar a visit from a physician It is no wonder that people are so anxious to tell their friends of what this remedy will do.

Dr Williams' Pink Pills for Pale People are prepared by the Dr. Williams' Medicine Co., of Schenectady, N. Y., a firm whose ability and reliability are unquestioned Pink Pills are not looked upon as a patent medicine, but as a prescription, having been used as such for years in general practice, and their successful results in curing various afflictions made it imperative that they be prepared in quantities to meet the demand of the public, and place them in reach of all They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, *rheumatism*, nervous headache, the after effects of la grippe, palpitation of the heart, pale and sallow complexions, and the tired feeling resulting from nervous prostration, *all diseases resulting from vitiated humors* in the blood, such as scrofula, chronic erysipelas, etc They are also a specific for troubles peculiar to females, such as suppressions, irregularities, and all forms of weakness They build up the blood, and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of whatever nature

Pink Pills are sold in boxes (never in loose form by the dozen or hundred, and the public are cautioned against numerous imitations sold in this shape) at 50 cents a box or six boxes for $2 50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company.

"Piling up wrath against the day of wrath" is a text the great powers might study with profit.

If Weyler is not lying about the Cuban war being over why does he not permit the noncombatants to leave the cities and go home?

The election of a Republican senator from Kentucky has at last been accomplished. They have been two years doing it, but like a store debt paid, it could not have come at a better time.

The offer to relieve the hunger of the noncombatants in Cuba that Weyler has forced from their homes into the cities to starve will probably be regarded by Spain as an unfair advantage taken by the United States of Spain.

The Greeks seem to have absolutely failed in the field except as to two commands that were not under the immediate direction of Prince Constantine and the only logical theory why the Greeks have failed utterly to give a good account of themselves on the field is that the prince is an utter failure as a commander

Those gentlemen who are urging dangerous legislation in Springfield seem determined to repeal the present libel law. Their interest in this repeal is apparent. They hope to stop the liberty the press is taking with their names and their motives in advocating dangerous and bad legislation

Since the people of Greece have changed their minds and a spirit of revolution has set in that promises to sweep King George from the throne and Constantine the Kaiser's brother-in-law, from the succession the Kaiser has somewhat modified his tone toward Greece, but it is too late for him to cure the ills that he more than any other one ruler brought upon Greece.

The necessity for buying gold from Europe only to have it float back again passed with the defeat of the free silverites at the recent election. Gold is accumulating in the treasury day by day and all because every dollar in circulation in this country has the same purchasing power which would not be true under a free coinage law, fixing the ratio at 16 to 1

A resolution was introduced in the senate Thursday looking toward opening an inquiry into the causes of the recent flood and especially to inquire as to whether the destruction of our forests have contributed to it in any way. It is said that since Spain has destroyed her forests springs and streams have appeared and agriculture has very largely declined It is not unreasonable that in the temperate zones the forest may be the power which holds the waters in check and causes the regularity of the seasons.

The election of Deboe in Kentucky does not give the Republicans in the United States senate a clear majority on all party questions. The total membership in the senate is 90, but Florida and Oregon have each but one senator, having failed thus far to elect This leaves the senate stand at present with 88 members of which 45 would be a quorum. With the addition of Deboe the Republicans now have 43, and counting Kyle, who is now considered with them, 44. The opposition consists of 33 Democrats and 11 Populists and silver Republicans. With this opposition vote united the senate now stands a tie but the vote of the vice-president would give the Republicans one majority. The same condition would still obtain if Florida elects a Democrat and Oregon elects a Republican. If Florida elects a Democrat and Oregon does not elect the opposition would have 45 to the Republicans 44

The President's Speech.

The Chicago Tribune: During the recent national campaign Major McKinley made an enviable and wide spread reputation for clearness, succinctness, and eloquence of statement in the numerous addresses which he delivered at his Canton home to visiting delegations of his own party On Tuesday President McKinley increased that reputation in the address upon the character and services of General Grant which he delivered to the whole country before hundreds of thousands of spectators and amid impressive ceremonial scenes at the dedication of the memorial to the great commander

The president himself is a soldier and spoke with the brevity, earnestness, modesty and dignity of the soldier. The nature of the occasion, the impressive character of the surroundings, and the spectacle of the vast crowd might naturally have tempted a speaker to *overdo* in what he had to say and to indulge in long and dizzy flights of rhetoric, but they failed to have any such influence on the president His address, filling a bare newspaper half column, was couched in plain, simple, modest language, delivered with quiet dignity, emphasized by the nature of the occasion.

The president's address was such as General Grant himself would have desired from one of his comrades, and nothing which that comrade said is truer than that "we love him all the more for his home life and homely virtues," for the unique distinction of his individuality, his bearing and speech, his simple ways, and his true and uncompromising Americanism, which will make his name "stand for all time as the embodiment of liberty, loyalty and national unity."

In his brief presentation of the traits of General Grant the president called attention to one fact not often enough considered—namely: "The veteran leaders of the blue and gray here meet not only to honor the name of the departed Grant, but to testify to the living reality of a fraternal national spirit which has triumphed over the differences of the past and transcended the limitations of sectional lines"—a sentiment which was illustrated by the impressive spectacle of the confederate veterans, who placed a wreath with crossed swords upon the bier and which the president further emphasized by praying God to speed its completion as "the nation's *greatest glory*." The president's most impressive statement, and one of the most succinct characterizations of General Grant which have yet been made, is contained in the words "A great life never dies. Great deeds are imperishable, great names immortal. General Grant's services and character will *continue undiminished in influence* and advance in the estimation of mankind so long as liberty remains the cornerstone of free government and integrity of life the guaranty of good citizenship." The whole address indeed was an ideal one. It fitted the occasion, but more than all it was in keeping with the character of the great commander.

Congressional Apportionment Bill.

There seems to be a determination in some quarters to redistrict the state into new congressional districts Just why this should be done is not exactly clear, under present conditions The present *apportionment it is true is Democratic* and was intended to give the Democrats the advantage in the state, but so far they have failed to secure any advantage The first election held under their apportionment they failed to elect a single congressman in the state Downey claimed his election and secured a seat but it was subsequently found he had not been elected and General Rinaker, his contestant, was seated. In the recent election the Democrats managed, with an alliance with the Populists, to elect three or four men to congress This indicates that the present apportionment is not absolutly discouraging to the Republicans and might perhaps as well be left alone considering the fact that the formation of new districts is not conducive to the best party organization until the new neighbors get acquainted. Then again if the new tariff bill is enacted and business revives the Republicans will be as strong as they were in 1896 while the chances for a coalition between the Democrats and the Populists will not be as good as they were in 1896.

Macon county, it is reported, in one of the apportionment bills, is put into a Democratic district There is no good reason for doing this. *Of course Macon* is on the dividing line between the Democratic portion of the state and the Republican portion of the state, but there can be no logical reason for putting Macon county in a Democratic district. In all the apportionments made under the present constitution Macon county has always been in a Republican district except in the present one, which was mapped out for a Democratic district but which has now twice been carried by the Republicans It was always so districted except in the present arrangement by Republican legislatures and why a Republican legislature should now think of putting it into a Democratic district does not appear. In the last election it gave 1500 majority for the Republican ticket and saved the district. Its Republicans are entitled to some consideration and when it is not necessary to do so they *should be* saved the humiliation of being rammed into a Democratic district when there is no need for it. If the report is true it is to be hoped that feature of the bill will be rearranged and the county put where it will aid in making a Republican district on the border instead of throwing its Republican vote where it will do no good. The present district is fighting ground. If the Republicans in the legislature can do no better they should leave it as it is, or, better still, take out some of the Democratic counties, either Menard or Christian, and go east and take in Piatt or Douglas or both to make up for these counties

MADNESS AFTER THE BALL.

Society Girl Returns from Europe to Go in Irons to an Insane Asylum.

Mascoutah, Ill., April 30.—Rose Simini of Centerville, St. Clair county, a descendant of a prominent old French family, became violently insane yesterday and it was necessary to place her in irons to convey her to an asylum.

She was one of the leading society belles of this section of the state, beautiful, accomplished, and wealthy, and had traveled extensively in this country and abroad. Her ancestors were pioneer French settlers at Kaskaskia and Cahokia. A year ago the father and mother of Miss Simini died suddenly about the same time, and the double bereavement bore down heavily upon the former spirited society girl. Symptoms of melancholia developed, and members of her family persuaded her to travel. In France she was given treatment by a famous French specialist, and for several months remained in a fashionable sanitarium in the vicinity of the French capital.

She returned home a short time ago, apparently cured, and immediately took her old place as a leader in home society. On Monday evening a grand ball was given at her home, at which she did the honors with all her old-time grace She appeared even more bright than ever before. When she retired after the ball she showed unusual excitement. The following day she was found a raving maniac.

MINISTER TO GREECE.

Report that It Will Fall to Rev. I. S. Hopkins of Atlanta—President Refuses to Interfere in Dunlop Case.

Washington, April 30 —There is a very strong intimation at the White House that Rev. *I. S. Hopkins* of Atlanta, Ga., has been selected as minister to Greece.

The president has decided not to interfere in the case of Joseph R. Dunlop, publisher of the Chicago Despatch, sentenced to two years imprisonment for sending obscene matter and advertisements in his paper through the mails.

Doctors Fail to Understand Symptoms That Are Danger Signals.

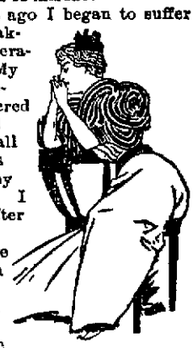

A marked trait in woman's character is to place implicit confidence in her physician.

A man must work entirely from theory in the treatment of female diseases, for unfortunately facts based upon actual knowledge, belong to the female sex alone. Many women who periodically suffer with attacks of faintness, dizziness, extreme lassitude, "don't care" or want-to-be-left-alone feeling, do not at first realize that these are the infallible symptoms of womb trouble and the forerunners of great suffering.

Soon they grow to feel that the doctor does not understand their case. Then they remember that "a woman best understands a woman's ills," and turn to Mrs Pinkham.

The following letter is but one positive illustration of this fact —

"Four years ago I began to suffer with great weakness of the generative organs. My womb was prolapsed; I suffered with continual backache and all the other pains that accompany that weakness I tried doctor after doctor, had operations The final operation after which I became a total wreck, was scraping of the womb A friend, one day, recommended to my husband your Compound. He bought me a bottle. The relief I experienced after taking it, was wonderful. I continued its use, and I am glad to say my recovery is a perfect surprise to everybody that knows me."—MRS. GOV. TANNER SCORES ALTGELD.

Executive Blames His Predecessor for the Financial Woes of Illinois.

New York, April 30.—Governor Tanner of Illinois, had intended to leave New York for home last evening, but decided to stay until the next day. Yesterday it was said he had expressed great dissatisfaction with the treatment accorded the soldiers from Illinois, but he would not say anything on the subject for publication One of the Illinois party, Colonel *Henry D. Deitrich*, said *the complaint* was that they were allowed to enter the city without notice and find their hotels as best they could, and that, owing to bad management they had been compelled to stand in a side street from 10 a. m. to 2 p m., before they could join the parade Had not Colonel John W. Gates preceded the Illinois delegation, Colonel De trich said, they would have had no accommodations whatever.

In an interview with a representative of a New York paper yesterday Mr Tanner said of the financial condition of Illinois that the state was practically bankrupt. "This," he said, "is entirely due to the Altgeld administration What we are going to do I do not know, and I assure you that my office this term will be anything but a bed of roses.

"At the close of the war the financial affairs of Illinois were in bad shape We gradually paid off our debt, however, and when Governor Altgeld came into power we were in excellent condition He borrowed money without warrant of law, as he said to put our various institutions in good shape. He succeeded in getting the money and even more readily in spending it. As a result our institutions were in worse shape than ever before when I went into office

"We have borrowed up to our constitutional limit, and can legally borrow no more. Of course we will pull through somehow, even bankrupts do that, but I believe with every honest man in my state that it was a crime to place us in such a position. It will be my effort to undo the evil, and I believe I can, for the public-spirited citizens of Illinois will come to the front. I do not believe, however, that our state will ever make another anarchistic experiment such as that through which it has just passed."

BUILDING WILL REST ON PILES.

Chicago's New Federal Structure to Have Foundations that Will Reach to Hardpan.

Washington, April 30.—General William Sooy Smith, engineer of foundations for the new Chicago federal building and *Henry Ives Cobb*, architect of the building, after a long and careful investigation, have decided to use under the structure a foundation of piles.

On account of the nature of the ground the selection of the best foundation was a difficult problem. There being no rock strata near the surface, the supports will have to rest on *hardpan* about *seventy* feet deep. Two foundations were considered—one of caissons driven to hardpan and filled with masonry, and the other of piles driven in groups and capped with steel plates supporting piers of masonry. This latter method was adopted. Mr Cobb expects to advertise soon for bids for doing the work.

General Sooy Smith, who is probably the best authority on foundations in the United States, said that he thought the building would have as good a foundation as human energy can contrive.

The straw board mill at Peoria will start up June 1, with sixty-five men.

JUDICIAL DISTRICT TEST CASE.

Secretary Rose Refuses Nominations for Old District.

Springfield, Ill., April 30.—The Hon. George W. Herman, the Hon. T. T. Beach and the Hon. O. P. Thompson, the Democratic nominees for circuit judge in the old Seventh district, presented to the secretary of state the certificate of their nomination, which Secretary Rose declined to receive owing to the legislature having recently reapportioned the state for judicial purposes. The secretary said his only object was to have the matter passed upon and settled at the earliest practicable moment.

LOCAL NEWS.

Charles Quinting, of Chicago, and Miss Katie Apt, of this city, were married last Wednesday morning at St. Mauritius church at Chicago. They will make their home in that city.

At the meeting of the Decatur Pension Examining Board Wednesday the applicants were D. O. Giffin of Argenta, Bradley Decker of Oakley, W. M. Bullard, A. L. Brockway and Green Moore of Decatur.

The Memorial Day exercises will be observed as usual this year on Sunday, May 30, at Boiling Springs. There are sixteen comrades buried at the cemetery and every year the graves are decorated by the old soldiers.

Nicholas Lourman has filed in the circuit court a bill for divorce from Delilah Lourash. He says they were married Oct. 10, 1889. He says she has been discontented and neglectful and in the first year of their marriage deserted him for nine months. She returned, but since then at intervals has refused to live with him. On Feb. 26, 1895, she moved from his home to that of one of her daughters and has since refused to live with him. He has often asked her to return.

There is at the Peoria poor farm a negro called George Washington, who is believed to be above 100 years old. He is now dying of old age. He distinctly remembers having been a slave owned by a Boston man named Hugh Battleton. Four years ago he could remember incidents of the war of 1812, but these are fading from his memory. He says he fought in the civil war and was present at the battles of Fort Henry, Fort Donaldson and Hollow Springs. He was the father of a boy and a girl, but does not know where they are. Twelve years ago his wife died at Mattoon in this state, and about six years ago he went to Peoria.

Arrested for Theft.

From the Daily of Friday.

Yesterday Harry McCauley was arrested at the court house on a warrant for stealing a horse, roadcart and harness from M. A. Kreschel of Beody in July, 1896. The officers have been on the watch for McCauley. Yesterday his presence in the city became known to Samuel Stabler and on his tip Officer Armstrong landed McCauley in the county jail.

FOUND HIS MAN.

Fletcher Unearthed a Doctor at Peoria and Now Both are in Trouble.

Recently the Republican mentioned the fact that W. F. Fletcher and a Mr. Coe were in Decatur looking for a veterinary surgeon whom they described as a big fraud. From Decatur they went to Peoria. The Transcript says: W. F. Fletcher, a farmer from Waverly, Ill., and John U. Hudson who claims to be a veterinarian, are having an interesting time having each other arrested and placed under bond.

Fletcher and William Coe, his friend, came to the city Tuesday afternoon armed with a state warrant issued at Waverly, Ill., a small town near Jacksonville, and had Hudson arrested for obtaining money under false pretenses. Hudson then retaliated by causing the arrest of Fletcher on another state warrant alleging attempted extortion. Both cases were continued before Justice Sucher. Fletcher gave bond in the sum of $300 with Coe for surety, and Hudson going to jail in the same amount of bail.

The story goes that Hudson sold the territorial rights for a spavin cure to Fletcher, who secured the right to his county for $250. It is claimed by Hudson that his instructions were that when the spavin remedy was applied to an animal the precaution must be taken to guard against the animal getting its feet wet, or allowing any water to get on the spavin after the medicine had been applied. Fletcher was careless about this instruction and the results were more disastrous than beneficial. He thereupon swore out a warrant for Hudson on the charge of false pretense, claiming that the remedy was not as represented. In the complaint for Fletcher's arrest Hudson swears that Fletcher attempted to extort $350 from him, threatening his arrest unless the request was complied with. It is possible that matters may be adjusted before the hearings.

In the Yosemite Valley a while ago, a young fellow went out on the edge of a shelving precipice two thousand feet high, and balanced himself on his head. A little slip or little puff of wind would have sent him to eternity. Not one man in a million would be that kind of a fool. But nine men in ten are all the time taking foolish chances.

There is no deadly peril about a little fit of indigestion or biliousness, and yet if a man allows these troubles to get a hold on him he is taking serious risks. Dyspepsia alone seldom kills anybody, that is, it only kills you by inches, and takes a good many years doing it. But it weakens and undermines the constitution so that it is all ready to receive and fertilize the dangerous diseases which do kill you outright.

Disease-germs won't grow in healthy blood any more than corn will grow on a rock. A man who keeps his digestion perfect and his blood pure may eat and drink and breathe disease-germs, but they gain no foothold. They are cast out of the system. But a man with a dyspepsia-weakened constitution breathes in typhoid or diphtheretic germs and down he goes.

The best health-insurance a man can have is Dr. Pierce's Golden Medical Discovery. It acts directly on the stomach and liver. It gives the blood-making organs power to make healthy blood. It clarifies the blood from all impurities, and builds up the healthy flesh, muscular power and nerve energy, which fortifies you against disease.

His life-long success in the treatment of chronic diseases has given Dr. Pierce's medicines a world-wide reputation. His "Pleasant Pellets" cure constipation.

CONVENTION DAY.

Democrats Hold Three Delegate Meetings at the City Council Room.

W. E. NELSON FOR SUPREME JUDGE

Representatives from the Third Supreme the Old Fourth, and the New Sixth Circuit Court Divisions—The Nominee.

From the Daily of Thursday.

The Democrats of the Third Supreme Judicial district, and from the new Sixth and old Fourth judicial districts of the circuit court division, were in Decatur today and put up candidates for supreme and circuit judges. The same gentlemen acted as delegates in nearly all the conventions, particularly those who came from a distance. There is some doubt as to the validity of the law as to the circuit judge divisions, and as there is a test case pending, the delegates concluded to nominate candidates in the old and new circuits to "cover accidents." The delegates to the three conventions met this forenoon at the St. Nicholas hotel and effected organizations.

W. E. Nelson for Supreme Judge.

This afternoon the delegates to the Third supreme judicial convention were called to order at the city council room with J. W. Orr, of Champaign, chairman, and W. H. Whittaker, of Sullivan, secretary. The report of the committee on credentials was adopted and the temporary organization was made permanent. Hon. Jack Baker, of Moultrie county, placed Hon. W. E. Nelson, of Macon county, in nomination for supreme judge, seconded by J. L. Gulick, of Champaign. On motion of James Hicks of Platt county, Judge Nelson was declared the nominee by acclamation. The chairmen of the various county committees were made members of the supreme judicial committee on motion of J. M. Gray of Decatur. The convention then adjourned.

Subsequently J. M. Gray of Decatur, J. W. Orr of Champaign and James Hicks of Monticello were appointed to notify Judge Nelson of his nomination, and bring him into the presence of the delegates.

"I am a Democrat."

In his speech Judge Nelson said, among other things: "I am a Democrat, but if you see fit to elevate me to the position of judge of one of the supreme benches no one will ever know what my politics were. When I vote at any political function I vote for a Democrat, but when I assume a position of a judicial character I make my politics my private affair and try to execute the office to the interests of the people of the district.

"The gentlemen against whom you have seen fit to ask me to run is a perfect gentleman and a good citizen. He has held the office for a number of years and has faithfully discharged his duties, but no better than I will discharge them if I should be elected.

"I don't think it would be proper for any man who would be fit for this office to scramble for the place, so I will leave my election in your hands. Accept my profound thanks for nominating me. I will never forget this day and convention whatever may be the result of the election next June."

Sixth Judicial Circuit.

The nominations for circuit judges were: Isaac A. Buckingham, of Mc[illegible]; J. O. Cunningham, of Champaign; this[illegible]Robert Pedro, of Moultrie. Samuel [illegible]eed of Platt county was placed in nomination but he was defeated.

THE DEMOCRATS.

How They Voted at the Judicial Conventions Thursday.

From the Daily of Friday.

The Democrats were still holding a judicial convention last evening when the Republican went to press. They went at it as though they were going to win.

First they nominated Judge W. E. Nelson of Macon county for supreme judge in the Third district to go against Judge J. M. Wilkin, the Republican nominee.

The vote for circuit judge in the new Sixth district was as follows:

Buckingham—Champaign, 12; DeWitt, 6; Platt, 5; Macon, 12; Douglas, 5; Moultrie, 5; total 45.

Cunningham—Champaign, 12; DeWitt, 6; Platt, 5; Macon, 13; Moultrie, 5; total, 40.

Pedro—Champaign, 5; Macon, 11; Douglas, 5; Moultrie, 5; total, 26.

Reed—Champaign, 7; DeWitt, 6; Platt, 5; Macon, 1; Douglas, 5, total 24.

Messrs. Buckingham, Cunningham and Pedro having received the highest votes were declared the nominees and were afterwards chosen by acclamation.

The vote for nominees in the old Fourth district deemed necessary that candidates may be had in case the new law is annulled, was as follows:

Buckingham—Champaign, 9; Coles, 1; Douglas, 5; Edgar, 9; Macon, 19; Moultrie, 5; Vermilion, 14; total 64.

Tilton—Champaign, 12; Douglas, 5, Edgar, 9; Macon, 12; Moultrie, 6; Vermilion, 14; total 57.

Cunningham—Champaign, 12; Coles, 10; Douglas, 3; Edgar, 9; Moultrie, 5; Platt, 5; Vermilion, 14; total, 67.

Craig—Coles, 10; Douglas, 2; Platt, 5; total, 17.

Reed—Champaign, 3; Macon, 8; Platt, 5; total, 11.

Messrs. Buckingham, Tilton and Cunningham having received a majority of the vote were declared the nominees of the convention. The nominations were made unanimous.

FATE OF NORFOLK ISLAND.

It Has Been Seized and Annexed by New South Wales.

Another little republic has been absorbed and its individuality lost in a greater and more powerful state, says the New York Sun. Very quietly the self-governing island of Norfolk in the South Pacific ocean has been annexed by the government of New South Wales. The inhabitants of this primitive settlement are the descendants of the mutineers of the Bounty, who took refuge on Pitcairn island in 1789. In 1856 the islanders had so far increased in numbers that Pitcairn island was insufficient for their needs, so many migrated to the larger island of Norfolk, where they continued their own form of government.

Unfortunately their laws and methods, though entirely satisfactory to themselves, recently excited the unfavorable notice of the governor of New South Wales. The chief fault of the system seemed to be that there was no paid policeman and no prison, and that consequently debts were difficult of recovery and crime could not be punished adequately. Although the islanders unanimously declared against being handed over to New South Wales and prepared to follow their own customs, the British government has sanctioned the incorporation, and this quaint and flourishing commune has come to an end. Settlers are to be encouraged to farm upon the island by the cheap sale of land. Public houses, or saloons which were formerly forbidden, will doubtless be allowed, and all that was distinctive in the community is doomed.

SCIENTIFIC EGG-HUNTER.

The Pearly Nautilus, Not the Hen, Is His Subject.

Scientists are offering congratulations to Dr. Arthur Willey on the success of his search for the eggs of the pearly nautilus. The pearly nautilus is the only living representative of the great group of extinct animals whose shells are known as ammonites, says the Pittsburgh Dispatch. So rare were specimens of the animal itself that 20 years ago $90 was paid in London for two preserved in spirits. The structure of the animal is extremely curious, and an account of it formed the first scientific memoir produced by Sir Richard Owen. Setting out two years and a half ago for the south seas, Dr. Willey proceeded first to Ralum, New Britain where he spent a year trapping the nautilus in 70 fathoms of water and dredging in vain for its eggs. He then tried a station on the coast of New Guinea, where he was nearly drowned by the capsizing of his small craft. After passing through New Caledonia he arrived last summer in Lifu, one of the Loyalty islands, where nautilus can be captured in three fathoms depth only. Here he constructed a large submarine cage, in which he kept specimens of nautilus; feeding them daily. In December lost his patient endeavors were rewarded. Some of the nautilus spawned in the cage, and he was able to obtain abundant samples of the eggs. Each egg is as large as a grape and is deposited separately by the mother nautilus. It is expected that by this time Dr. Willey has obtained the young in all stages of growth.

RULED BY A MAD GOVERNOR.

Siberian Province Suffers Long from the Conduct of an Insane Official.

In the town of Gischiga, in Siberia, the provincial governor, Sosnin, has for some time past been quite mad, and has been discharging his administrative duties in a most extraordinary way. The orders which he gave the soldiers and civil officials were always unreasonable and frequently exceeded the bounds of possibility. One of his favorite amusements, for instance, was to order the arrest of a number of respectable townsmen, load them with chains and send them to prison for an indefinite period.

At other times he would approach the sentinels stationed by the powder magazine and order them to leave their posts. If they followed his directions they were severely punished for deserting their posts; if not, they were still more severely punished for disobeying their superior officer's command. Another pastime of the governor was to threaten to hang his junior officers, and one who resists an attempt to arrest him for this purpose was degraded from his rank.

Repeated representations were made to the authorities at St. Petersburg, but it was only recently, after this state of affairs had lasted for 18 months, that the lunatic governor was removed from his post and conveyed to an asylum.

Debts Delayed Its Burial.

The case of a burial long delayed has recently come to light at Revel, a Russian town near the Gulf of Finland. The body thus tardily interred was that of a Belgian soldier of fortune, the Duc Charles de Croy, who had been commander in chief of the Russian army at the historic battle of Narva in 1700. Made a prisoner during the fight, De Croy took up his residence at Revel, where he died in the course of events; his creditors demurred to his burial, however, until his debts were paid. So the soldier mummified and his remains have stayed ever since in a church, where they have been exhibited to visitors as a curiosity. Now, at last, amid such pomp as was to be found among the local authorities, he has been given a fitting coffin and properly interred in one of the vaults of the church.

Cheap Labor in India.

Labor is cheapest in India, where the wages of the laboring classes average something like a three halfpence a day. A fairly skilled journeyman can earn about 12 shillings a month, and a good mechanic about 16, or twice the pay of a native soldier.

CALHOUN SELECTED.

The President Decides to Send the Danville Man to Cuba in the Place of Judge Day.

RUSE OF FREE COINAGE MEN.

Lew Wallace on the Greco-Turkish War — Nebraska's Ex-State Treasurer a Defaulter.

Washington, D. C., April 29.—W. J. Calhoun, of Danville, Ill., is the man whom President McKinley has decided to send as a special commissioner to Cuba to carry out the mission for which Judge Day, of Canton, Ohio, was originally selected. The impression has prevailed here for several days that George E. Baldwin, of Canton, a personal friend of the president, and a man in whom he has much confidence, would be asked to undertake the delicate task. The impression was entirely erroneous. The first tender of the position since Judge Day was provided for elsewhere is that which was made to Mr. Calhoun. The tender was made last Saturday. Mr. Calhoun was summoned to Washington by the president, and on Saturday they took a drive together. While they were out the president told Mr. Calhoun that he would be pleased if the Illinoisan would go to Cuba as the special commissioner of the administration to investigate the legal status of the cases against the Americans who are now in Spanish prisons.

The offer was a complete surprise to Mr Calhoun, but he at once informed the president that if he could serve the administration in that capacity he would be glad to do so, provided he could so arrange his private business as to permit of a protracted absence. Before he left for home the understanding between him and the president was that he would accept. He is now in Danville arranging his affairs, and as soon as he puts them in such shape as will admit of his leaving, he will return to Washington, obtain his instructions from the state department and start for Cuba.

Ruse of Free Coinage Men.

Washington, April 29.—Representative Richardson, of Tennessee, is the spokesman of some of the silver men of the house who are extremely anxious that their colleagues in the senate shall introduce and pass a free coinage bill, send it over to the house, and let Mr. Reed smother it. Representative Richardson thinks the silver men ought to go upon record with a measure.

"If good times do not come," said he, "we can say that we offered the country a remedy. If good times do come, no harm has been done."

It is not likely that this suggestion will be carried into effect. The introduction of such a bill in the senate, and an attempt to pass it, would precipitate a financial debate, to which the senators are averse. The silver men have a majority in the senate to pass the bill, but they have not the power to force the measure to a speedy vote; and, besides, they do not relish the idea of taking the responsibility of throwing any obstacle in the way of the enactment of the tariff bill.

LEW WALLACE ON THE WAR.

Says the Greco-Turkish Conflict is at an End.

Indianapolis, April 29.—General Lew Wallace, who is probably more familiar with the affairs of the Ottoman Empire and the Balkan states than any other American, talked freely of the war between Greece and Turkey at his home in Crawfordsville yesterday.

"The end is near at hand" said he. "Even if the powers should not interfere, Turkey has already accomplished all she set out to do, and will not attempt to turn the war into one of conquest. The Sultan is, in my opinion, the ablest living diplomat. What more thorough demonstration of his ability could one ask than the fact that he has used and is still using the six great christian powers to his own purposes. He did not have to fire a shot in Crete. He made the christian powers defend his interests there. He understands thoroughly that the moment the present map of Europe is changed these christian powers will rush to arms, and that they desire to avoid this above all things. Therefore when his frontier was attacked by the Greeks he served notice in advance that while his troops must move instantly, it was for the purpose of defense to repel these invaders and teach them a lesson that he and his dominions must be let alone. This done, and done thoroughly, he will recall his troops. He understands perfectly that the powers would never consent to the conquest of Greece, and he will not attempt it.

"The Greeks are the Irish of the east. Memorial, impulsive and rash, they are up today and down tomorrow, and their idol of today is shattered and dragged in the dust tomorrow. The ancient Greeks were the same way. They had a new hero every month or two, and landed him to the skies, but at the first misfortune they ran him out of the country. The country is now ruled by a secret society, much more powerful than the throne. It was this society that started the irregulars into Turkish territory. The trouble in Crete arose from the desire of the Greeks to acquire Crete. They wanted Macedonia, and away down in the bottom of every Greek heart is a deep-seated desire to possess Constantinople. The Russian wants it, too, and one day he will get it.

"The Turk is a born soldier, and is reared with the ideas and training of a soldier. He is not a tradesman, a banker, nor a lawyer; he cares nothing about these things. He is taught that he is to be a soldier and looks forward to being killed or wounded in battle as the sure passport to the Moslem paradise, where eighty houris are to await his coming and be assigned to do his bidding. His religion teaches him that no matter what his record on earth has been, death or wounds in battle entitle him to this paradise. Do you think he is going to run away from danger? On the contrary, he courts it. That is what he is after. The English and French never gave the Turk credit for the part he played in the Crimean war. If there was an assaulting column to be made up, or an extra hazardous task to be undertaken, it usually fell to the lot of the Turkish contingent. If the western world is surprised at the bravery and military skill of the Turk, it is because it does not know him."

JOSEPH BARTLEY UNDER ARREST

Ex-Treasurer of Nebraska Charged with Embezzlement of $201,000.

Lincoln, Neb., April 29.—Ex-State Treasurer Joseph Bartley was arrested yesterday by officials from Omaha charged with embezzling $201,000. Attorney Smyth swore to the complaint. He will be arraigned at Omaha. Bartley is already under bond to answered charges of embezzling $600,000 of state funds. In the information Bartley is charged with having converted to his own use the proceeds of a state warrant for $180,000, together with interest at the rate of 7 per cent from the time that it was issued, in 1895. This warrant was for the money appropriated by the 1895 legislature to reimburse the sinking fund of the state for a deficiency therein.

After the warrant was drawn the state treasurer turned it over to the Omaha national bank for the purpose of sale. This institution placed it with the Chemical national bank of New York city. The proceeds were transferred to Bartley, upon whose books, however, no account of the receipt of the money is said to have been found. The Chemical national bank returned the warrant to the Omaha national bank of this city for collection. To this call the state treasurer deposited state funds in the Omaha national bank until the sum of $201,000 was on deposit. This was the amount of the warrant, together with interest at the rate of 7 per cent. With this money the warrant was duly taken up and the accruing interest was paid.

It is alleged that there is no record on Bartley's books that he received the proceeds from the sale of the warrant. Moreover, when the warrant was collected by the New York bank through the local bank it was paid by check, to which Bartley signed his own name. The $201,000 was therfore on deposit in his name, although it is alleged to have been state money.

In connection with the case Bartley is accused of having allowed an illegal rate of interest on the warrant. According to the state law warrants cannot draw more than 5 per cent interest, but the Chemical national bank collected 7 per cent for the entire time it advanced the money on the warrant.

LAW MAY NOT STAND.

Supreme Court Consolidation in Illinois is to be Contested by the Clerk.

Mount Vernon, Ill. April 30.—The supreme court consolidation at Springfield is to be further contested. Supreme Clerk J. O. Chance, believing that the law consolidating the courts is unconstitutional, is preparing to refuse to remove his office to Springfield, and says he will not do so until the constitutionality of the law has been legally passed upon.

He bases his assumption more particularly upon provisions of the constitution relating to his office. Section 32 of article 6 providing that the clerk shall reside in the division for which he may be elected is a point relied upon. He further relies upon the provision that an officer's salary may not by law be decreased or diminished during his term of office.

He claims to be supported in his contention by the opinions of the local bar, and by some of the best lawyers in this part of the state, some of whom have favored consolidating, but says he has been informed by members of the legislature who voted for consolidation that, since looking further into the question, they are inclined to believe his view the correct one.

Looking for the Dead.

Guthrie, April 30.—The Cottonwood and Cimarron rivers are not yet within their banks. Searching parties in boats or on rafts are coasting both banks, sixty miles or further, searching for bodies known to have been carried down stream. Thieves looted the wreckage last night. No additional bodies have been recovered since last evening.

The body of George Owen, swept down while saving others was found caught in a small tree. Mrs. Fannie Ruffin, colored, was found buried in the debris in her own door yard. Several more bodies are reported found on the Cimarron.

The old Methodist camp ground on the Kankakee river, near Kankakee, that were purchased some time ago by Dr. J. B. Berry, has been fitted up for a private camping grounds. During June the grounds will be occupied by a party of fifty from Chicago.

G. A. R. AT GALESBURG

Great Gathering of the Veterans of the Civil War in Force.

PARADE WILL BE ON WEDNESDAY.

Three Leading Candidates for Department Commander — Chicago, Peoria and Joliet are in the Contest.

Galesburg, Ill., May 4.—All arrangements for the thirty-first annual encampment of the Grand Army of the Republic and the attendant encampments of the Woman's Relief Corps, the Ladies of the G. A. R., the Sons of Veterans and the Loyal Home Workers beginning today are complete and the veterans find the people of Galesburg ready to bid them welcome to the beautiful college city.

For several months committees of Post No. 15 and citizens of Galesburg have been hard at work preparing for the event. The decorations, both public and private, are on a lavish scale. The depots, the hotels, the courthouse and city buildings, the square, Knox seminary, the business houses and residences are one blaze of national colors, and "Old Glory" waves in Galesburg as never before.

Today is given up to the reception of delegation and visitors and the reunion of companies, regiments, and brigades. This evening there will be a war song concert, and there will also be a general campfire at the Auditorium. The council of administration met this afternoon to audit books and accounts, and the headquarters of the department are open at the Union hotel for delegates to report and secure their badges.

At 4 o'clock this afternoon the corner stone of the new gymnasium of Lombard university will be laid by Department Commander Coebran, assisted by other department officers, and addresses will be made by several good speakers, among them Colonel Wilcox of Elgin.

The Encampment.

Wednesday morning the encampment will open at 10 o'clock at the Auditorium and remain in session until noon. The parade will start promptly at 1 30 o'clock from the Union hotel, the line of march being over the paved streets only.

One feature of the parade will be its review by the school children. These, to the number of some 3000 will be provided with raised seats in front of the grammar and high schools. Each will have a handsome badge and flag, and as the line passes they will sing patriotic songs.

The students of Knox college and Lombard university will be massed on the courthouse grounds and will give the old soldiers a royal reception.

The reviewing stand will be placed at the juncture of Main street with the square. All the department officers will march at the head of the column, and on reaching the stand will mount it and review the parade.

After the parade the encampment will resume the business sessions. In the evening there will be a rousing camp fire at which Commander-in-Chief Clarkson is to preside and probably there will also be a reception by the W. R. C. at one of the churches and by the Sons of Veterans at the court house.

Wednesday afternoon there will be a sham battle between the Knox cadet corps Co. I, and the two artillery companies and such military companies as will be here. Nearly 500 men will engage in the battle, 5000 pounds of ammunition having been secured.

Thursday will be the busy day of the encampment. The reports of the committees will be received and read.

There are three prominent candidates in the race for the position of department commander, A. L. Schimpff of Peoria, P. C. Hayes of Joliet, and James O'Donald of Chicago. The contest for this place will be a hard one. At the present time it looks as if Mr. Schimpff had the best of it, a large number of the posts throughout the state having instructed for him.

Mr. O'Donald arrived Monday evening from Chicago and has opened headquarters at the Union hotel where he is receiving the comrades already here. He says he will have a strong following from Chicago today, and that with these and what support he will receive from other posts of the state he thinks his election is assured.

Streator, Springfield and Danville are after the next meeting. It is understood that Streator is determined to take the lead and hold it. She has raised sufficient money to show that she can take care of the encampment. It looks much as though Streator was going to follow in the footsteps of Galesburg.

Along with the Grand Army comrades come their wives, sons and daughters, and they joined in the merry making. They belong to different bodies of course, but each has its place of meeting with its regular business to transact.

Woman's Auxiliary Organization.

The most prominent of these is the Woman's Relief Corps. This is their fourteenth annual convention, and the meetings will be held in the Presbyterian church. There are two candidates for the position of president of the state corps, Miss Jennie Bross of Chicago, and Mrs. Carrie Alexander of Belleville. Mrs. Fannie Blaster of Galesburg is a candidate for state treasurer, and has for opponents Mrs. Helen F. Bristol of Quincy, the present incumbent, and Mrs. Lewis of Aurora.

The Ladies of the G. A. R. is comparatively a new institution, but measures will be taken at the meeting here to further the work of the organization. They differ from the Woman's Relief Corps in that they admit only the wives or daughters of old soldiers, whereas the Woman's Relief Corps is open to all loyal women. The sessions of the body will be held in the Baptist church and will continue throughout Thursday.

The Loyal Home Workers is the name of the society with which the daughters and grandchildren of old soldiers affiliate themselves. They will convene in the parlors of the Presbyterian church and will hold regular meetings.

The encampment of the Sons of Veterans will have several novel features. The meeting will be attended by some 500 men. The camp from Rockford and some other cities will be uniformed and will camp out. Tents furnished by the state will be pitched at Camp Finley on the Knox college campus.

IN A FIRE TRAP.

Over 200 People Meet a Horrible Death in the Paris Bazaar.

THE AWFUL HORRORS OF THE NIGHT

Parents and Children Look for the Dead in the Black Ruins—People of High Rank Among the Victims.

Paris, France, May 5.—Yesterday afternoon's terrible fire in the Grand Charity Bazaar, a temporary wooden structure 100 yards long and 60 wide, used for the annual charity fair of which all of the most prominent society ladies of Paris were patronesses, has thrown the city into mourning. The conflagration which started in the Kinamatograph Booth, while 1500 to 2000 people were present, is believed to have caused the loss of over 200 lives. As this dispatch is sent 111 charred corpses have been recovered, together with those of twelve unidentified portions of bodies. Since 5 o'clock this morning crowds of people have been flocking to the Palais de Industrie where many bodies and a large number of the injured were taken. The search for the dead continues in the ruins. Quantities of coins, watches, rings, necklaces and bracelets have been picked up in the debris. At 8 o'clock another blackened and unrecognizable body was recovered. The scene during the night was remarkable. A long line of infantry was drawn in cordon around the dreadful spot. Bonfires, torches, electric and gas jets used to illuminate the scene, reflected upon the bayonets and accouterments of the soldiers and threw a ghastly light upon the houses in the vicinity, the windows of which were crowded most of the night with people watching the work of horror. Every now and then hearses would be called from the black mass that but so recently meant joyous humanity, tenderly lifted into it, and taken to temporary morgues. Frequently a dozen hearses gathered in the court yard of the Palais de Industrie. On temporary morgues and opposite the entrance scores of coffins were ranged waiting to receive the bodies of victims. The scenes among those who remained about the fatal spot throughout the night, unable to tear themselves away, indifferent to the entreaties of friends or relatives, baffle description. Distracted fathers and mothers, half mad with grief, would endeavor to force a way through the line of soldiers or inner line of police, about the blackened remains. The atmosphere of the hall of the Palais de Industrie, where the burned bodies were ranged, was almost unbearable. There again the most heartrending scenes were witnessed. Men, women and children passed up and down before the lines of blackened bodies, eagerly scanning the terrible remains, now and then throwing themselves down by some seemingly unrecognizable corpse, which they by instinct, which an outsider couldn't understand, made out some dearly lost one, or missing relative.

The Dead.

The following bodies are recognized: Mesdames Laurent Cosselin Elorez, wife of the Spanish consul; Hausmann, Mandat Grancl, Chulmenberger Vantineauill Potevin, Jaques Hausmann, Mlle Henriette Hinipedal, Baroness Elizabeth St. Martin, Sister Quinox, superior of the Sisters' Convent St. Vincent de'Paulate Rainey, Marie Bonnoval, Mlle. de'Grancy, Comptess St. Pierre, Baronne St. Didier, Mlle Lear Chivgny, Compteese Miramel, M. Victor Cosselin, Comptesse Broderville, Sister Loonie Guillanmo, Compteese Humo'stein, Marquise des Maizon, daughter of M Sheully.

Among the articles picked up in the ruins was a ring inscribed "Ferdinand D Orelins Sophie de Baviere" Names of Duke and Duchess de Alencon, doubtless a betrothal ring of her highness, the Duchesse de Alencon: silver watch attached to a gold brooch, also recognized as property of the Duchesse. The body of the Duchesse, however, has not yet been found. Up to daybreak the Duke de Alencon refused to quit the scene, and only went home when physically incapable of further exertion.

The Queen of Naples and other relatives of the missing Duchesse were up all night awaiting news.

G. A. R. AT GALESBURG.

Old Veterans and Visitors Crowd the College City.

Galesburg, Ill., May 5.—The state G. A. R. encampment opened today with a reception to National Commander Clarkson. He was escorted to Knox college chapel, where patriotic exercises were held with addresses by General John C. Black, General Clarkson and President Finley of Knox college. This afternoon the grand parade was held, followed by a sham battle on the college campus between Knox cadets and Sons of Veterans.

NEW TARIFF BILL.

Principal Provisions of the Measure Up in the U. S. Senate.

DUTY ON COAL, SUGAR AND HIDES.

Some of the New Rates Given in Detail —On Barrel Beer $1.44 to 1900 —Then Back to $1.00 as at Present.

Washington, May 4.—The tariff bill was reported to the senate today. The sugar schedule provides: Sugar, not above number sixteen Dutch standard in color, seventy-nine hundredth of one cent per pound and for every additional degree shown by Polariscopic two hundredths of one cent per pound. Sugar above number sixteen Dutch standard in color and that gone through refining, one and sixteen one hundredths cent pound; and in addition thereto, on all forgoing 95 per cent advalorum sugar, not above number sixteen Dutch standard, testing not more than 97 degrees, 75 per cent advalorum. Maple sugar four cents per pound glucose or grape sugar 1½ cents per pound; Saccarine $1 per pound and 10 per cent advalorum. Duty levied on tea at the rate of ten cents per pound until January 1, 1900, after 1900 it will be admitted free duty.

The following provision is in regard to hides, which are transferred from the free list "Hides of cattle, raw or uncured, whether dry, salted or pickled, 1½ cents per pound, provided upon all leather exported made from imported hides, there shall be allowed a draw back equal to the amount of duty paid on such hides."

On coal the word bituminous is stricken out, and all coal is made dutiable at 75 cents a ton.

The senate has increased internal revenue duty on beer, making it $1.44 until January 1, 1900, thereafter to return to the present rate of $1.

To take Effect July 1, '97.

Senator Aldrich, chairman of the financial committee, presented the tariff bill and gave notice that it would be called up Tuesday, May 18, in time for the bill to take effect July 1, next instead of May 1 as provided by the house bill and the words in the first paragraph "or withdrawn for consumption," were stricken out.

The retroactive clause in the Dingley bill was stricken from the senate bill and the free house provision relating to reciprocity stricken out and the following substituted: "That whenever any country, dependency or colony shall pay or bestow any bounty or grant upon the exportation of any article or merchandise from such country, dependency or colony then upon the importation of any such article or merchandise into the United States there shall be levied and paid, in addition to the duties otherwise imposed by this act, additional duty equal to the net amount of such bounty or grant." The house provision in the tariff bill keeps in force the Hawaiian reciprocity treaty was stricken out the effect being to indirectly abrogate the treaty and impose the same duty on Hawaiian sugars as on sugars from other countries. The provisions in the house bill on distilled wines were stricken out and the following substituted: "Distilled wines in casks or packages, other than bottles or jugs, containing 14 per cent or less absolute alcohol, 30 cents a gallon, containing more than 14 per cent 50 cents a gallon." In bottles or jugs per case one dozen bottles or jugs containing each not more than 1 quart or 24 bottles or jugs, containing each not more than one pint, $1 per case; provided any wines containing more than 24 per cent alcohol shall be classed as spirits shall pay duty accordingly. Lead ore is increased from one per cent, which is house provision, to one and a half cent per pound.

The rates on lumber have been generally scaled down, especially if planed or otherwise advanced from rough.

The wool and woolen schedule has undergone many changes. First-class wools are reduced from 11 cents per pound to 8; second class from 12 to 9; whereas duties on third class are raised. Wools under 30 cents value are made dutiable at 4 cents a pound, instead of 32 per cent, as in the house bill, valued more than 10 cents, 7 cents a pound, instead of 50 per cent. The wool growers failed to get all the changes they desired in classification but it is understood that the rates fixed are satisfactory. On cloth knit goods, etc., value not over 40 cents per pound the duty is made three times that amount; on unwashed wool of first class, value over 40 cents, not over 70 cents, four times duty on unwashed; skirted wool of first class and on all the foregoing, 50 per cent advalorum value over 70 cents per pound, four times duty on unwashed skirted wool of first class and 35 per cent. Blankets, plain flannel increased from 30 to 40 cents per pound; also it is provided that the duty on these articles be the same as on one and a half pounds; on unwashed wool an additional duty of 30 per cent advalorum is imposed. These duties are to be raised as the goods increase in value. Women's and children's dress goods, coat linings, etc., valued at 15 cents a yard and under are taxed 5½ cents per yard instead of 7 cents as in the house bill; valued at over 15 cents reduced from 8 to 6½ cents and 50 per cent advalorum instead of 20 per cent.

Carpets are classified and specified duties fixed for the various classes.

By important changes made in internal revenue, the tax on tobacco, chewing and smoking tobacco and snuff is taxed 8 cents per pound cigars, $8 per 1000; cigarettes $1 to $8 per 1000.

The reporting of the tariff bill today by the senate committee unexpectedly it was thought that it would be held in the committee at least two days. The Democrats after criticizing it interposed no factious opposition and when the motion was made to report it immediately, Jones of Nevada, voted with the Republicans and the motion carried by a vote of 6 to 5. The bill as reported, is entirely changed from the Dingley bill, in fact it is almost a new bill. No estimate of revenue which it is expected to produce was presented, but the Republicans claim the tariff will produce "enough." The additional tax on beer is expected to produce $13,000,000 and the tax on tea $10,000,000.

The senate passed the free homestead bill by a vote of 42 to 11. The senate took up the sundry civil appropriation bill. When the item appropriating two and one-third millions for continuing the improvements on the Mississippi river from the head of Passes to the mouth of the Ohio, was reached it was amended so as to make the appropriation immediately available.

NEW ORLEANS LEVEES.

Work Continues—Weak Points Developed in the Burass District.

New Orleans, La., May 5.—The river remains stationary at 19.8 feet, which was the reading of the gauge at 6 p.m. Levee work in the city was confined to the strengthening of points showing weakness and to the stopping of slopage. Most of the work was done at the head of Broadway and at the head of Upper Line street. Major H. B. Richardson, chief state engineer, said he was not prepared to say there was absolutely no danger, because people living behind levees are necessarily exposed to a danger to which people dwelling in high countries out of the reach of overflows are not liable.

Superintendent Landry of the New Orleans, Fort Jackson and Grand Isle railroad, has been notified of several weak points in the levees of the Burass district, and has gone to the lower coast to make a personal examination of these places. The weakness in the levee at Davis, in the parish of St. Charles, is so great that it will be necessary to build a large box levee around the danger point, and work will be commenced at once.

TURKS MOVING ON THE GREEKS.

The Crown Prince May Order Another Retreat Like That at Larissa.

Athens, May 5.—Crown Prince Constantine telegraphs that two Turkish regiments are advancing on Kadritza, and the Greek commander there has asked for reinforcements. The government is negotiating with the foreign admirals in Cretan waters for permission to send the Greek warship to take off Colonel Vassos and other Greek officers who have been recalled.

May Adjourn June 4.

Springfield, Ill., May 5.—This general assembly will probably adjourn sine die about the 4th day of June. Some of the senators seem to think it can get through its labors by the 26th of May if it wanted to, and desire to adjourn sine die at that time. There are many others who favor June 4. The day last mentioned will probably be the one selected, and the house resolution amended to read June 4 will probably be sent back to the house for concurrence.

The appropriations are pretty well gotten out of the house. The friends of the Humphrey bills do not want an adjournment until those measures have either been passed or beaten, and that is probably the reason why a decisive step was not taken in the Republican senatorial caucus yesterday.

The Republican caucus committee met yesterday and decided to meet May 11 and fix Friday for adjournment.

Heavy Failure in New York.

New York, May 5.—The Gilbert Manufacturing company, dealing in woolen and cotton goods, assigned today. Liabilities estimated at $500,000; assets, $400,000. At one time the company had a surplus of $450,000. The financial depression of the last three years left the company with $800,000 worth of goods on hands which it was impossible to convert into cash. Financial arrangements were made with Schaeffer, Schramm & Vogel, importers, to make advances on its merchandise of $250,000. Schaeffer, Schramm & Co. are said to be fully protected. Most of the indebtedness is to banks.

The President May Go to Utah.

Chicago, May 5.—Hon. George Q. Cannon, Hon. George W Bartch and Captain P. H. Lannon of Salt Lake City, part of the committee appointed to invite President McKinley to visit that city on the fiftieth anniversary of the settlement of Utah, (July 24th next), passed through Chicago this morning. They fully expect to present reasons for attendance which will appeal to the president and cause him to accede to their request.

Big Battle Expected.

Volo, May 5.—Fifteen thousand Greeks retired today upon Domokos. The Turks are centering in large force there. An important engagement is expected. The Turkish forces made a fierce attack today on the Greek troops at Velestine, but were repulsed. Heavy losses on both sides. Fighting is in progress at 2 o'clock at other points.

Presidential Nominations To-Day.

Washington, May 5.—Among the nominations sent to the senate today were the following: Stanford Newell, Minnesota minister to Netherlands. Postmasters (Illinois): Theodore E. Habel, Rossville; James B. Stetson, Sheffield.

Senator Deboe in Place.

Washington, May 5.—Colonel Deboe, Kentucky's new Republican senator, was sworn in today. The sundry civil bill was taken up.

Executed.

Somerville, N. J., May 5.—Jacob Johnson, the colored ex-preacher, was hanged here today for the murder of Annie Beckman. He died protesting his innocence.

Charter Signed.

New York, May 5.—The governor has signed the Greater New York charter.

MARKET REPORT.

By B. Z. TAYLOR.

Wheat opened lower, hung about the opening, went up, sold off, and then did a spurt for the top for the day. Trade was extremely light, and there were plenty of dull spots in the market. Consols were lower, money being at 113½ and account at 113 9-16. Liverpool, however, was 1d lower on wheat. London was "very slow," and Berlin was ½ mark lower. The general news was bullish. The weekly crop bulletin said the winter wheat had improved during the week in Ohio, southern Illinois and Missouri, but that much of the crop was winter killed. It also said seeding had made favorable progress over the northwest, that the water was receding rapidly from the Red River valley, and that the wheat in southern Kansas is heading. London reported the drought in southern Russia as being serious, and many complaints coming from there about it. There was a good acceptance of wheat for the continent, and closing cables were firm. Lindblom bid 70c for 100,000 bushels May wheat, and got it there, and Barrett was a large buyer of July. The contract in today's receipts amounted to 10 cars out of 14 received. Minneapolis got 182 cars of wheat today, and Duluth got 109, a total of 291, against 507 (Minneapolis 444, Duluth 63) a week ago, and 319 (Minneapolis 81, Duluth 238) a year ago.

Corn opened about where it closed. Trade, fair; market, not active; no features. Weekly weather crop bulletin says: "Corn planting is late compared with 1896. No planting has been done in Ohio, Illinois, Iowa, Illinois." Contract in receipts 44 cars.

Oats opened about where they left off, trade, rather small, market a little inactive. No features. Contract, 6 cars.

Provisions opened lower. Pork sold up well; lard and ribs dull, and not moving. Little doing in any provision market.

Reported from Paris that 114 bodies have been recovered from the scene of the fire, and more believed to be in the ruins. Reported the Humphrey bills been amended to extend franchises 40 years, with fare at 5 cents for ten years, then commission elected by people to fix fare.
